

To Switch on turn clockwise
till loud enough.

Always switch off when not in
use.

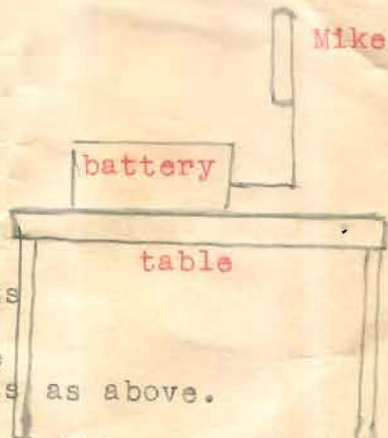

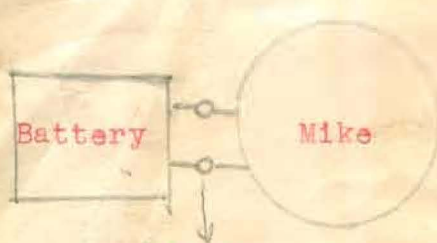

.....By turning this wire the ear
piece will fit any ear.

.....This plug unscrews for clean-
ing purposes.

Also there is an adjustable
space on the side which will help tuning I
have left it midway now.

For wireless best results
are obtained by laying
on table and turning the
mike towards the wireless as above.

There is no rustle from clothing except when
worn under heavy clothes . I always carried
it outside for best results.
