Telecommunications for the Deaf, Inc. is the organization that protects your telecommunications rights! Continue to support our efforts for equal access to the telephone system on a worldwide basis. Did you know voice calls can go anywhere in the world, but TDD's can't? Help us help you, and bridge the gap between all deaf and hard of hearing people in the world!

If not for the TDD, would deaf and hard of hearing people be able to communicate easily and thus coordinate political strategies which led to improved civil rights and equal access?

The "Blue Book" is updated every year, and the GA-SK Newsletter is published four times a year. All for just \$15 per household or \$30 per organization.

Here is my \$15 \$30 (check appropriate amount). Please list me in the "Blue Book" and send the GA-SK four times a year.
