Dear Mrs. Revere:

Please forgive me for not getting down to see you before this. We have had sickness in the family and therefore I have had to stay in the office. Unless something unforeseen happens I may be able to get down to see you next week.

I am also enclosing the guarantee on your instrument.

In reference to the trouble with the "B" battery if you will tap this battery lightly on one end or the other I believe you will find this will correct the trouble. Please drop me a line on the enclosed card.

Assuring you of my interest, I am,
Very truly yours,
B. W. Mattingley
